CAREY NASH PHOTOGRAPHY

LOVE & LIGHT, FROM SEA TO SKY

WELCOME

THE PERSON BEHIND THE LENS

I never really knew as a child what I wanted to be, but I always knew that my calling was further away than my northern hometown. Never one to sit still I was always so curious and found real happiness when I was travelling. I have since travelled and worked in over 80 countries and the draw to find remote and interesting places on earth still consumes me.

CAREY NASH

MY APPROACH

STEP NO.1

After nearly 20 years of photographing weddings, my main goal is to create memories that last. This is such an important time in your life and I'm there to create art for you.

STEP NO.3

I enjoy the ability to work alongside you and create something magical. I'm able to handle all the day-of photo locations and make sure your day feels smooth memorable and matches your vision.

STEP NO.2

Whether you're deciding on a remote adventure elopement or a 200 guest celebration in a vibrant downtown I have experience. After 300+ weddings all over the world I love documenting in any location.

STEP NO.4

If you have any questions at all please do not hesitate to ask. I'm happy to pass along any assistance I can.

“Working with Carey Nash was an absolute pleasure. He is one of the most caring, creative, hardworking photographers. He guided our thought process, and respected our wishes and tone we wanted to set for the day. He truly captured the moment of love and joy. We have the most beautiful wedding photos that we will always cherish. We were blown away with his skill and thank him for helping make our dreams come true. Thank you again Carey!”

FREQUENTLY ASKED QUESTIONS

HOW FAR IN ADVANCE DO WE NEED TO BOOK?

The summer months from May until Late October fill up the quickest for weddings and elopements in North America. I recommend between 8-12 months in advance for those weekend dates. You can always contact me for openings and availability at any time.

CAN WE CUSTOMIZE OUR COLLECTIONS & HOURS NEEDED?

Absolutely. Fridays and Saturdays between May and October I require a single day booking with a minimum eight hour collection. Each couple is unique and I will do my best to provide you with a quote that hopefully meets what you are looking for. Each wedding is unique and the time needed is individual.

CAN YOU HELP US WITH THE PHOTO LOCATIONS?

I pride myself in helping to scout and locate all the locations needed for our time together. Either a large wedding or an intimate day, I'll work with you (or your planner) to have all the locations preplanned so you don't have to worry about it

HOW LONG ARE THE ADVENTURE SESSIONS?

Adventure Sessions begin at two hours. They can be an independent session or the next day and at your wedding venue.

Some sessions require hiking to remote locations or helicopter flights and some can be as convenient as driving to a nearby vista or hopping on a tour bus. I can help with all these arrangements if needed.

CAN I PROVIDE A LIST OF VENDORS?

With many locations I have access to vendors that I have worked alongside and trusted over the years. Once you have a date selected I can reach out and suggest trusted colleagues to you.
